Produktblad**PRODUCT FACT SHEET**
P-3477

Item	MERTEX
Article No	P-3477
Article	Piece dyed cotton/polyester/carbon yarn mixed poplin with absorbent finish
Width	149 - 151 cm
Weight	About 150 gram per square metre
Colour	Green or any colour
Component	69% cotton, 30% polyester, 1% carbon yarn
Finish	Water absorbent finish
Type of Weave	Plain
Construction	Warp - 30S about 120 ends per inch in finish Fill - 30S about 65 picks per inch in finish.

Our Fabric Mertex P-3477 with absorbent finish, is made in a patented way called PALPA. The construction is structured with a core of polyester/carbon yarn and is covered with cotton threads.

The PALPA construction enables one to have 100% cotton feeling against the body, which gives a high degree of comfort. P-3477-absorbent is used in several countries in Europe for making scrub suit. This Mertex textile is approved according to the European standard EN-13795.
